GETTING INTO GRAD SCHOOL

The first step to planning the next step of your educational career

CREDITS: 2 CR/NC
Winter Quarter 2026

Fridays, 12:30 – 2:20 p.m.

EXED 110, UW Seattle

(Bank of America Executive Education Center)

SLN: 15317

Instructor: Maxine K. Wright

This ten-week course is for juniors and seniors who know they want to pursue, or are considering the possibility of, graduate education. Learn from graduate students and staff involved in graduate admissions about how to find a program that fits your interests and how to prepare effective application materials.

This course offers students an overview of graduate programs and walks you through the application and review process. We'll also work towards determining the right "fit" for your individual goals through three primary objectives:

- > **Investigation:** Why are you interested in graduate school? What do you need to know before committing to a program?
- > **Revelation:** What do graduate school admission committees actually expect?
- > **Preparation:** After finding a "good fit," how do you chart a course of action? Why, when, and where do you want to go? What are you hoping to do and how will it be useful after graduate school?
